

SUCCESS STORY: MEGAN & PETE'S HOUSEHOLD

MySherri™ believes that the home should be a place where you go to recharge. That's why we employ and deploy an excellent in-home workforce for the busy, ambitious professional and families who need help getting more time back in their lives.

CHALLENGES/PAIN POINTS

When Megan and Pete came to MySherri™, they didn't have time to spend with each other and their kids because they had to make meals and clean up every evening. Things weren't getting done, and they wanted to get some help to alleviate the stress and time. Some of their challenges included:

- Spending time on cooking and other chores instead of spending time with kids
- Cleaning up toys every evening
- Cleaning up a messy kitchen every night
- Undone laundry and linen changes
- Not being able to maintain organization systems

SOLUTIONS & TASK LIST

To help give back time to Megan and Pete, MySherri™ created a weekly task list for their household that included:

- Meal prep
- Running errands
- Maintaining home organization
- *Bonus: Once a month, our Home Coordinator will make an entire month's worth of smoothies for the adults to have a healthy lunch!*

We also took care of all of the holiday present wrapping during the holiday season as well as made their pantry more functional.

SUCCESS STORY: RESULTS

MySherri™ has been life changing for Megan and Pete. It's become a necessity, not a luxury. And they've referred clients!

Megan had to buy a new car, and Pete said they'd need to cut expenses somewhere. Megan told Pete she'd cut anything except for MySherri.

“ For the first time in a long time, I was able to relax with my husband having a glass of wine after work, and had game night with the kids because dinner was done. It brought tears to my eyes knowing I didn't have an entire weekend's worth of chores waiting on me.

Megan

You Could Be Our Next Success Story

We're on a mission to redefine the home as a destination, not a chore. Let us help you get time back in your week so you can enjoy the people and projects that matter most to you. Contact us today to learn more!
